
Dance of the Decade - so how do you choose?

We are opening the nomination this Friday - 17th October 2025.

With so many fantastic dances to choose from we thought you might be glad of a memory jogger. Here's an alphabetical list of some of the most popular dances released between 2013–2023 - not a full list by any means.

You can nominate **any dance you love**, whether it's on the list or not — and, if choosing feels impossible, the good news is, **you'll be able to nominate up to FIVE dances!**

Between now and Friday browse through the list and note your favourites ready to make your enter your nominations. Hope this is helpful.
